## 2. WELCOME

The committee of Windsor Park Equestrian Club (“WPEC”) and the event organisers put a great deal of effort into taking reasonable precautions to ensure the health and safety of everyone present on competition days. This can only be effective if everyone plays their own part in helping to avoid and prevent accidents. Please obey any instructions given by the organisers, event officials or stewards.

In 2019 the Club moved to our new location within The Deer Park. Entry to the show ground is from Sheet Street Road (A332), Windsor, SL4 2BD, via the Windsor Great Park Open Air Car Park driveway. A map of access routes is shown below, on our website and on Facebook. No vehicle will be allowed to enter the Great Park without the correct pass in full view through the windscreen. No unauthorised vehicles are allowed on the competition ground. You must use the signed route to access the competition grounds from the lorry park.

## 5. DRIVING HEALTH & SAFETY

No matter how experienced you consider yourself to be **PLEASE READ** and remember the following safety rules. You may be held responsible for any accident, injury or damage to property if you are found to have breached any safety rules or guidelines.

Always remember that although a loose horse in a crowded box park may be something of a hazard, one loose with a carriage attached is considerably more dangerous.

Due to the nature of Carriage Driving there is always scope for accidents to happen. Everyone must follow the more important rules listed below, anyone found in breach of these rules may be disqualified from the competition:

Never put yourself or anyone with you in harms way.

Check your harness and vehicle is in sound condition and unlikely to break before every phase of every event.

Ensure your harness and carriage are both properly adjusted and fit your animal before attending an event. Avoid making adjustments while at an event due to the unfamiliar surroundings you and your horse will be in.

Never leave a horse harnessed to a vehicle without a competent person in control.

Never remove the reins or any part of the bridle whilst the horse/pony is still put to a carriage.

Never tie a horse/pony to anything whilst put to a carriage.

Always follow the correct harnessing up and unharnessing procedure, ie. connect the traces to the carriage before the breeching straps etc.

The driver (whip) must be correctly seated on the vehicle and in full control of the animal/s BEFORE anyone else mounts the vehicle and must be the last to dismount.

Always move off at walk, especially in the lorry park and any crowded area, such as in a collecting area.

Never school a horse / pony at an event as the atmosphere can excite the animal and cause a runaway.

Remember that an inexperienced animal coming to an event is likely to react in a different way from a more familiar place, such as at home.

Never strap anyone into the vehicle. Strap/seat belt is allowed as long as they have a free end that is held by the groom so it can be released easily.

Please also refer to the **Driving Rules and Regulations** and **Lorry Park Rules** elsewhere within this document.

## 6. LORRY PARK RULES

**PLEASE NOTE THAT THE LORRY PARK IS NOT OPEN UNTIL 2.30pm ON THE FRIDAY OF A COMPETITION WEEKEND.**

Be aware the lorry park is situated next to a main road Sheet Street Road(A332), which is used heavily.

The Lorry park is within the Deer Park with wild deer running free. The entrance gate **MUST** be kept closed at all times.

All Lorries and Caravans are required to carry at least a fully working 1kg fire extinguisher. Competitors must park in an orderly manner upon arrival. Please ensure wherever possible that a three (3) metre space is left between each encampment.

When parking please consider the space allowance for side ramps and rear ramps.

Any accompanying cars should be parked in the public carpark outside of the showground and not brought onto the showground

Horses must not be left unattended tied to boxes/trailers, if rugged surcingles must be used.

No exercising or lunging may take place in the horsebox park, only walking in hand, under saddle or in harness is permitted. Designated exercise areas are available for use.

Please do not leave rubbish, hay or muck out in the horsebox area. This is dangerous for the wild deer that live in the park. A muck trailer is provided, positioned in the lorry park. Please take home your household rubbish.

Do **NOT** empty portapotties into the portaloos that are provided.

Please be aware of others when lowering ramps, starting engines or similar.

The horsebox park is considered part of the showground and anyone endangering others or ill-treating a horse, in any way, will be subject to disciplinary procedures.

Any damage to persons, animals or vehicles is the sole responsibility of the individual owner, no responsibility is accepted by WPEC or its agents.

Electric fencing is allowed if you are staying overnight but it must conform to current BC regulations and must be switched off during the day. Please report to the event secretary/lorry park steward and establish where to park as a special area may be allocated.

Grass protection mats must be laid in temporary stabling if used, the Park will not allow the grass to be poached as it will be seen by visiting public.

Barbeques are strictly prohibited in any area of the show ground. This is in accordance to The Crown Estate rules.

All dogs **must** be kept on a lead and under control at all times. Failure to do so will result in the competitor's disqualification from that Meet.

## 7. DUTY OF CARE AND ACCIDENT PREVENTION

Accidents do happen but many may be avoided by following the guidelines below.

Do not put yourself or anyone else in harms way

All harness should be in a sound condition and adjusted to fit the horse or pony.

The carriage should be in a sound condition and the type suitable for the terrain to be driven.

It is advised that a head collar/halter and rope plus a spares kit be carried during each phase of the event. A human and horse first aid kit is strongly recommended.

NEVER put a horse/pony into a situation which you believe could become dangerous.

Before attending an event, ensure that your horse/pony is happy driving in company.

A competent groom must be carried in the carriage at all times.

Athletes under the age of 18 years must be accompanied by a groom(s) of 18 years or older.

Athletes of 18 years and above must be accompanied by a groom(s) of 14 years or older.

Para Driving Athletes the groom must be over 18 years old.

Never move off adjacent to another horse/pony (whether in a carriage or not) without checking that the other person is happy for you to do so.

When driving in company, leave sufficient distance from the turnout in front to permit change of pace or direction. Do not race each other. If you want to overtake another turnout, ensure you obtain the other driver's permission and do so only where it is safe.

Look well ahead and anticipate your horse's reaction to what it sees to prevent any problems. Be aware of wild animals and birds.

Always approach a ridden horse with extreme care as some are terrified of carriages and consider the position of your whip. Be prepared to stop to allow the horse to pass or move away.

Pass other park users with due care and consideration. Be prepared to stop if the situation necessitates.

Always have a competent person at the horse's head when the driver dismounts. The driver must be the last to dismount from the carriage.

Always stop in a space large enough to allow the driver, the groom and any passengers to exit the carriage easily, this is especially applicable to groups and the Lorry Park.

Never tie a horse/pony to anything whilst it is still put to the carriage.

Never remove the bridle until the horse is free from the vehicle

## 8. DRIVING RULES AND REGULATIONS 2021

### 1. GENERAL

Windsor Park Equestrian Club Driving section run their events to the British Carriagedriving (BC) National Rules (which are based on the FEI rules) with some minor changes to help the smooth running of the events or to help club level competitors and newcomers.

It is highly recommended to read the current BC rules on either the BC website [www.britishcarriagedriving.co.uk](http://www.britishcarriagedriving.co.uk) or by buying a copy from the BC office.

Please read the **Health and Safety notes, Lorry Park Rules and Duty of Care & Accident Prevention** notes on the previous pages. Most of them are common sense. Ensure that your grooms and helpers have also read and understood these.

**The Duty of Care and Accident Prevention notes** are posted on the driving caravan at each event and must be read and understood before participating in any competition. This is for everyone's safety including our event participants and other Royal Park users.

The Club organises several meets during the year where we offer dressage, cones and a marathon, these are either one day events (ODE), on which we hold all three disciplines in a single day, or two day events where dressage and cones are on the first day and the marathon on the second day. These events are held over a Saturday and Sunday. There are special training days available and a Charity Drive which has its own entry forms. Please refer to the schedule for details.

You may enter the dressage, cones and the marathon phases separately or as a combined event. The costs this year are as follows:

Dressage	£20.00
Cones	£20.00
Marathon	£32.00

A £5 surcharge for non members is payable for each phase of each class.

Overnight lorry parking is available. For two-day events the Friday night is also available for competitors who travel more than 20 miles. The fee for this is £10.00 per competitor. This is to cover the cost of manure removal and the toilet facilities. *Please also read the **Lorry Park Rules** regarding staying overnight.*

To aid the running of Competition C (Cones), the track width of the vehicles should comply with British Carriagedriving Rules unless stated otherwise in the schedule. If competing in Pre-Novice, the width of the carriage wheels is 125cm

The Organisers and The Crown Estate accept no liability for damage, injury or illness to any person, horse/pony, vehicle or property however caused.

### 2. Vaccinations

The first booster must be administered within 7 calendar months following the date of administration of the second vaccination of the Primary Course.

Booster vaccinations must be administered at a maximum of 12 month intervals, the same day in each year being acceptable for these purposes, however Horses competing in Events must have received a booster within 6 months +21 days (and not within 7 days) before arrival at the Event.

Horses may compete 7 days after receiving the second vaccination of the primary course.

Horses that have received the Primary Course prior to 1 January 2005 are not required to fulfil the requirement for the first booster, providing there has not been an interval of more than 12 months between each of their subsequent annual booster vaccinations.)

Only the owner, his authorised agent, or the rider or driver of a horse taking part in the competition is entitled to lodge an objection.

Objections must be made in writing to the Driving Secretary, accompanied by a deposit of £20, within 30 minutes after the Technical Delegate has dismissed the objection.
